

Bruce Schneier

Principal Security Technologist

CSA CELEBRITY SPEAKERS

Bruce Schneier is a world leader in computer and network security. Founder and Chief Technology Officer of Counterpane Internet Security Inc., he has established the company as a chief provider of managed security services. His status as a security guru is confirmed by having testified before the United States Congress on security.

The debunker of security technolog

In detail

An accomplished author and contributor to numerous specialist publications, he also created the Blowfish and Twofish encryption algorithms. He is a rare master at illustrating the hidden world of encryption and demystifies everything associated with the science of codes.

What he offers you

His tremendous comprehension of all the criteria influencing security technology affords you the most all-inclusive analysis of what actually affects security decisions. By incorporating the economic, political and legal concerns he reveals the real factors at play in security technology.

How he presents

Renowned for being energising, he brings a clear and invaluable perspective to this most current of topics.

Languages

He presents in English and German.
