

Ray Hammond

Europe's Most Experienced Futurist

CSA CELEBRITY SPEAKERS

Ray Hammond is Europe's most experienced and most widely published Futurist. For over 30 years he has researched, written and spoken about how future trends will affect society and business. As global warming, globalization and the environmental threat continue to be priorities on the world's agenda, Ray is one of a few commentators equipped to communicate how these massive challenges will affect our futures, the way we do business and the far reaching implications both socially, economically and politically.

A futurist proved accurate by a quarter-century of predictions

In detail

Ray is a visiting lecturer at the Institute for the Future of Humanity, University of Oxford, a visiting lecturer at the London Business School and a contributing editor to the Human-Computer Interaction Laboratory at the University of Maryland, U.S.A. He is also a Fellow of the Royal Society of Arts (F.R.S.A.). He is also a globally published novelist (Macmillan) whose three recent high-tech futuristic novels have won world-wide critical acclaim. In 2010 Ray was awarded the Medal of the Italian Chamber of Deputies for his services to futurology.

What he offers you

Ray projects an inspirational and breathtaking vision of the future to help your audiences navigate the hyper-competitive virtual economy. This vision is interpreted from a business, climate, social, political, and economic perspective providing a rounded view of how best to prepare your organisation for what the future holds.

How he presents

Ray is a stunningly gifted free-form speaker who requires no effects to enthral an audience! He projects real warmth and dynamism and, using plain language he cuts through complex technical issues, new innovations and business concepts. A natural inspirational orator, Ray steps down into his audiences around the world to motivate and personally inspire them.
