"Success is to achieve your goal"

In detail

Jutta is currently a racing driver in Extreme E, a racing series for fully electric SUVs, that takes place in the most extreme regions of the world. The aim of the series is to use new technologies to draw attention to climate change. As President of the FIA Cross Country Rally Commission, she developed strategic visions and, among other things, introduced new, environmentally friendly technologies in this sport. Jutta tests the latest and most modern cars and is therefore very well informed about e-mobility and the ever-increasing digitization in the automotive industry. Extremes and speed are Jutta Kleinschmidt's passion: she crossed the Alps by bike, participates in the Race Across America and runs in the Ötztal Marathon.
